

Semi-finished product range

Cast and moulded parts

Elastomer spring elements

Snow plow blades

Clutch packages

Protective jaws

PUR metal compounds

Concrete-wear parts

Wheels, rollers and mills

Technisches Datenblatt Gieß- und Formteile | Technical Data Sheet Castings and Mouldings

Elastomer types

Polyurethane D44 (PU 70 / PU 80 / PU 90), Polyester-Polyol + MDI

Polytan D15 (PO 70)

Original Vulkollan® D15 (VU 70 / VU 80 / VU 90), Polyester-Polyol + NDI

Measured at normal relative humidity and room temperature (standard climate). The values specified are based on individual measurements and therefore can only represent guide values.

Tested at standard room climate. Individual measurements representing only approximate values.

Eigenschaften properties	Prüfvorschrift test specification	Maßeinheit unit of measure- ment	PU 70	PU 80	PU 90	PO 70	VU 70	VU 80	VU 90
Härte <i>hardness</i>	DIN 53505	Shore A+/-5	70	80	90	70	70	80	90
Farbe <i>color</i>				Brown			Natural		
Temperaturbereich °C <i>temperature range</i>				-10 / +60			20 / +80	-15 / +80	
Reißfestigkeit <i>tear resistance</i>	DIN 53504	MPa	37.6	41	45	45	40	46	47
Reißdehnung <i>elongation at break</i>	DIN 53504	%	503	549	551	560	650	650	680
Spannung bei 100% Dehnung <i>stress at 100% strain</i>	DIN 53504	MPa	2.6	4.8	6.3	2.8	2.5	4.8	6.6
Spannung bei 300% Dehnung <i>stress at 300% strain</i>	DIN 53504	MPa	6	9.5	14	5.5	4	7.9	10.2
Stoßelastizität <i>rebound resilience</i>	DIN 53512	%	43	49	40		45	55	55
Weiterreißwiderstand <i>tear propagation resistance</i>	DIN 53507	KN/m	15	35	41		15	40	55
Abrieb <i>abrasion</i>	DIN 53516	mm³	30	29	32	40	50	33	42
Druckverformungsrest 72h/23° compression set	DIN 53517	%				8			
Druckverformungsrest 70h/22° compression set	DIN 53517	%	15	18	23		9.4	10	11
Druckverformungsrest 24h/70° compression set	DIN 53517	%	25	30	35		15	20	20
Dichte <i>density</i>	DIN 53479	g/cm³	1.24	1.24	1.25	1.23	1.25	1.26	1.26

Vulkollan® is a registered trade mark of Bayer AG.

Important information: The details above are based on the present state of our knowledge and do not represent any assurance of properties. It is to be observed in particular, that the technical values are based on the testing of standard bodies and on individual measurements. They are therefore only limitedly transferrable and do not release the users of our products from carrying out their own testing for suitability for the intended purpose. Application and processing of the products takes place outside our control and therefore lies exclusively within the scope of responsibility of the user.

If differences of opinion should arise as to the interpretation of the foregoing rules the German text shall be deemed authoritative.
